

how to climb a mountain?

durational performance

new performance work by
César Brodermann & Guy Davidson

How to climb a mountain is a physical research representing all the ladders we find on the way, all the mountains we endure in a lifetime.

Even through weaknesses we have to keep climbing, and eventually become a new ladder for others to climb

Duration: 8 hours

Location: CCA Tel Aviv, Israel

Performers: Guy Davidson & César Brodermann

Live Music: Ariel Meriash

Costume Designer: Ahinoam Chai

Location: CCA Tel Aviv, Israel
